A004 State Parks Operations

Washington has more than 100 developed parks and more than 120,000 acres which receive more than 35 million visits each year. Park facilities include picnic, day-use and historic sites; conference, interpretive and environmental learning centers; overnight camping infrastructure, to include campsites, cabins and yurts; public access to ocean beaches; other overnight facilities including vacation houses; water recreation facilities, which include boat launches, docks, floats, and marinas; numerous park and cross-state trails; and comfort stations. This activity is also responsible for implementation and compliance of the Discover Pass.

Through this activity, State Parks prevents and mitigates risk to visitors, staff, property, and natural resources. An important component of this activity is the commissioning of all park rangers to provide law enforcement services to visitors and protect park resources. Specific tasks include providing academy and in service training for rangers, offering risk prevention training for parks staff, conducting investigations, addressing ethics issues, managing claims, and adopting procedures to reduce risks.

This activity also addresses the maintenance and repair needs of parks facilities, trees, structures, and roads, and is responsible for all agency vehicles and equipment. Included in this function is maintenance and preservation of piers, pilings, bulkheads, mooring buoys, and docks

This activity provides park information to the public on locations, services and programming, and facilities reservations. It also provides the public with information through news releases and annual reports, as well as making the public aware of park services through promotions and park brochures.

Statewide Result Area: Improve cultural and recreational opportunities throughout the state

Statewide Strategy: Ensure access to and participation in cultural and recreational opportunities

Expected Results

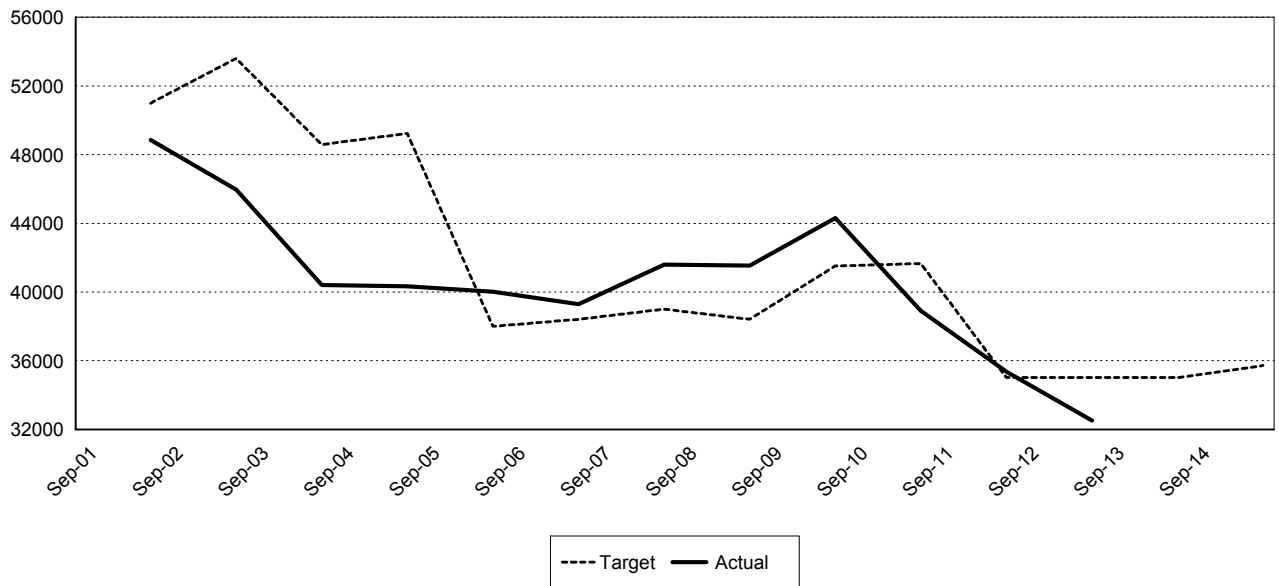

By 2013, State Parks will receive 100 park improvement gifts ("100 Connections" identified in the Centennial 2013 Plan) from community supporters. By June 30, 2007, park rangers will have a catalog that they can hand out to potential partners that describe the costs, plans, and benefits of the "100 Connections" projects. At least 20 projects will be completed and another 30 are underway. To help people understand the value of the state's natural and cultural heritage, each state park area will host at least monthly interpretive programs, events, or recreational opportunities seasonally that satisfy an ever-growing number of park visitors by June 30, 2007. This activity also contributes to the occupancy rate measure listed with the Park Reservation System activity.

A007 Volunteer Assistance and Partnership Building

This program supports operation, development, and stewardship of parks by recruiting, coordinating, and recognizing volunteers and “park friends” groups, and developing mutually beneficial partnerships with other government agencies, non-profit organizations, and private businesses. Volunteer support and partnerships help offset operating and capital costs, directly generate income (e.g., donations, grants, and business sponsorships), and indirectly generate revenue by promoting use of parks and sale of access passes and other fees for park services. .

Expected Results

Assess the condition and sufficiency of current enterprise/concession facilities and prescribe remedies in the capital budget to better align service with the State Parks Centennial 2013 vision. Streamline procedures to increase the quantity and service-quality of private concession operators. Develop more robust performance measurement and monitoring of concessionaires to improve public benefit. This activity also contributes to the revenue measure listed with the Developed and Staffed Parks activity.

A018 Winter Recreation

Through this activity, the Winter Recreation Program is responsible for snow removal at sno parks, trail grooming, facility construction, safety education, sanitation and law enforcement services for cross country skiers, snowmobilers, dog sledders, and snowshoers. The Winter Recreation Program is funded solely from snowmobile registration fees, Sno Park permits, and the snowmobile portion of the state fuel tax. The activity provides pass through funds for the operation of the Northwest Weather and Avalanche Center and oversees statewide ski lift inspections and issues ski lift operating certificates, which is covered by the ski lift operators.

A021 Natural, Cultural, Historic, and Environmental Stewardship

This activity is responsible for the protection of natural, historic, cultural, and environmental resources. It oversees the administration of salmon recovery, timber management, fire protection, State Environmental Protection Act review and other environmental issues, shellfish enhancement, wildlife management, pesticide use, weed control, and State Parks arbor crew activities. It also conducts research, develops natural resources policy, procedures, and other issues affecting State Parks lands including agricultural and grazing leases, firewood cutting (conservation) permits, and timber salvage sales. The activity also coordinates efforts to reduce water pollution from recreational boating activities by providing United States Fish and Wildlife Service capital grants to public and private marinas to install boat sewage disposal facilities.

A022 Boating Safety

Appropriation Period: 2013-15 Activity Version: 2C - Enacted Recast Sort By: Activity

Under authority delegated by the U.S. Coast Guard, this activity is responsible for coordinating the state's boating safety education and outreach, marine law enforcement, mandatory boating certification, and accident reporting programs. This activity approves city and county marine law enforcement programs as meeting standards to receive vessel registration funds and also passes through federal funds to these programs for marine patrols. Funds are provided by the United States Coast Guard, Recreation Conservation Office (boating excise tax), and vessel registration fees.
